

Transformational Healing & Discipleship Training

Lifting up the vision for healing that is in the very name of Jesus who was the Christ – the Messiah – who was anointed to heal our brokenness, liberate us from our bruises and free us from our captivity to sin so we can receive and embody the Kingdom realities He came to express through us.

Equipping the Church for Her Endtime Mission

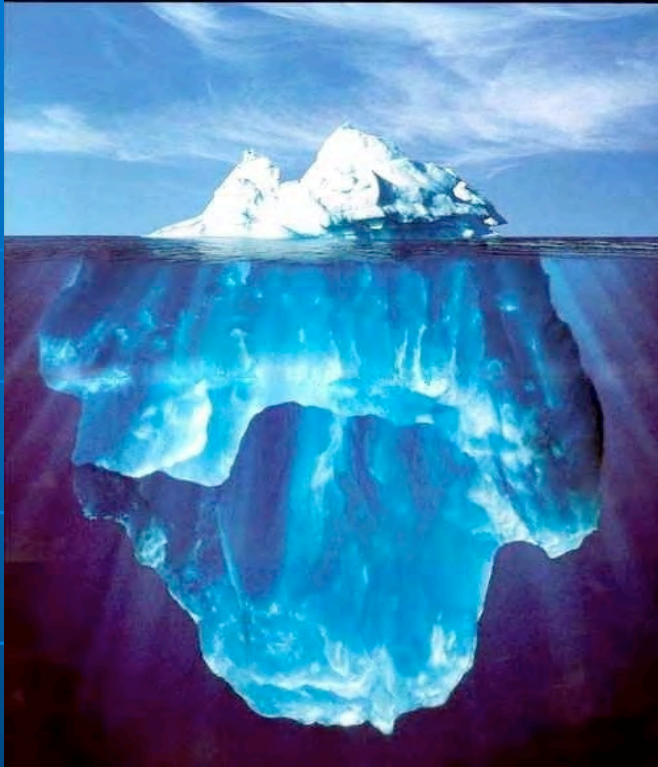

- The Church as Supreme Agent to Transform the world (“... on earth as it is in Heaven”)
- How? Healing and Discipling the Nations
- Needed: A Reformation of Righteousness
 - Vival not Revival, Disciples not Decisions
- Our Role? Release People into Wholeness so they can Heal and Disciple nations, extending Kingdom Reality
- Restoring People, Cities and Entire Nations

Kingdom Reality?

- Wherever Christ reigns He extends His influence as He trains us to reign in life
 - The Kingdom of God is the Kingdom of right relationships (with God and people)
- “The world has a right to look at the Church and see love.”
It’s the essence of obedience
- Through scriptural discipleship, the Kingdom continues its relentless expansion

Why Aren't We Discipling?

- **Out of our heart proceed the issues of life and also what defiles us**
- **Even biblical counseling can't perfect the human heart (10% memory)**
- **Why we can't obey God:**
- **"It's as difficult to love with a broken heart as it is to run with a broken foot"**
- **Jesus came to "heal the broken, liberate the bruised, and set us captives free" so we can love, doing all that He commanded**

Sin Consumes All that We Cherish

- **“Can a man carry fire in the hearth of his heart and not be burned?”**
- **Out of the heart proceeds our smoldering anger, fear, anxiety, unforgiveness, depression, bitterness and resentments**
- **These soon blossom into lust, tumults, compulsions & rage**
- **Addictions soon follow: illicit sex, drugs, food, work & dead religion...**
- **Keeping us too bound up to love, and finally consuming all that we hold dear**

Eventually, sin's blaze can threaten a city, a state and even a nation

- **Abuse**
- **Neglect**
- **Trauma**

These hot buttons pollute our Heart, threatening us and our loved ones

Until our core issues are resolved, our most painful hurts healed, our deepest needs met, we cannot be truly whole, or conquer our compulsions or love as we ought.

The Solution?

We need more than Information or Reformation, we need Transformation: Experiential Biblical Retreats, Seminars & Conferences that Address all five Dimensions of Wholeness:

Spiritual
Emotional
Relational
Intellectual
Volitional

- Consequence? The Church becomes healthy enough to Heal and Disciple the Nations

Transforming Lives, Churches and even Cities

Truly Jesus is enough. He has all we need. But as God deposited the Holy Spirit into Jesus to save us, He has deposited that same Spirit into His earthly body, the Church, so we can be the hands, lips, arms and feet of Jesus in our world today. As the Church is equipped to heal and disciple the nations, our world will change, for God's Kingdom will have come to earth.

- **Hurt people hurt people**
- **We can't give people what we don't have**
- **But healed people can pass on healing**
- **"God Himself will heal the pain of His people... In the latter days, you will understand this." - Jeremiah 30**
